### ABOUT US:

JPFC currently has three facilities that provide care for up to 26 females ages 6-17, and 18 to under 21, with mental/physical handicaps, who have been traumatized by the effects of neglect, abuse, or both, who cannot maintain in their home and/or community.

We are licensed through ODJFS as a QRTP compliant, CARF accredited Group Home.

Our professionally trained staff provide 24-hour supervision in a structured, goal-oriented, home-setting for delinquent and dependent girls.

JPFC's programs are designed to educate, involve, and improve each girls' ability to achieve success as they face a variety of challenges while growing and developing into youth adulthood.
